

The Children Of Caine

This is the Sanguine Tree of the lineage of Caine. As much of the Ancients tales are considered but myth and legend, one must look beyond the simple words provide through the World Of Darkness. This is the most complete as I know it genealogy of the Kindred, I have ever seen. It is also being continuously updated as new Kindred enter the Jyhad. All of it is either official or the product of an educated guess. I do not include those people put forward by the likes of The Camarilla Fan Associations only those put forward by the likes of White Wolf itself including the very confusing personalities presented in Vampire The Eternal Struggle and the Expansion Sets. Due to the nature of the ancients the lineage become very convoluted during the times of Caine and his immediate childer and grand childer. I will try not to put forward my opinion but on occasion I may. When something is but a guess, educated or not you will see an asterix next to it. Additionally you may see a question mark in parenthesis that means that it is flawed or questionable in some fashion. Most likely due to a misprinting or some other conflict found in the text or content therein. But as I have said these are educated guess'. I will also include the confusion of names. Those in bold print are the names most affiliated with the correct answer. Further included are those whom I do not know. Which is also integral to the nature of White Wolf and any and all additional information that I deem of interest as you will see... now let us enter the casting of the Damned...

Your Storyteller may or should have his own view of the World of Darkness.

Syntax: WoD = World Of Darkness, VtES = Vampire the Eternal Struggle, RAGE = Rage the CCG, WW = White Wolf, WWtA = Werewolf the Apocalypse, WtWW = Werewolf the Wild West, VtDA = Vampire the Dark Ages, VtM = Vampire the Masquerade, MtA = Mage the Ascension, WtO = Wraith the Oblivion, CtD = Changeling the Dreaming.

Books one should reference beyond the White Wolf texts; The Bible, The Torah, The Koran, The Tale of Gilgamesh, Herodotus the Histories, The works of both Virgil and Homer, any Archeological-Anthropological-Historical-Theological-Mythological texts referring to the ancient; Egyptian, Babylonian, Sumerian, Atlantean, Roman, Greek, Nubian, Mycenaean etc. Cultures...

I do not credit the main White Wolf books in here as it is naturally assumed they were the first place I looked, so assume much of the information can be found within the varied pages of; Vampire the Masquerade 1st & 2nd Edition, Vampire Players Guide, The Storytellers Handbook, Mage the Ascension 1st & 2nd Edition, The Book of Mirrors: Mage Storytellers Handbook, The Book of Shadows: Mage Players Guide, Hidden Lore, Werewolf the Apocalypse 1st & 2nd Edition, Werewolf Storytellers Handbook, Werewolf Players Guide 1st & 2nd Edition, Werewolf The Wild West, Wraith the Oblivion 1st & 2nd Edition, Vampire the Dark Ages etc.

As a experienced Storyteller I suggest if you have the financial capacity to acquire each edition of the respective books, do so. As the background materials supplied within the various publications changes from edition to edition but is still part of the World Of Darkness and thus rich with content. A prime example of this is Mummy 1st & 2nd Edition... Furthermore if the abbreviation is prefaced by the letter (N-...) the resource is a Novel unless otherwise stated. And at the end of this document is the Reference Key... I may move it up toward the beginning of this document. If any of you find cause to disagree with my interpretation feel free to contact me I could use other eyes to see my errors... I am not infallible. PrimalFish@aol.com

Most recent generation, Death or ?/Name(s)/Embraced generation, ? or best guess/Clan, best guess, ?/sire, best guess, ?/Birth-Embrace-Death B.C. or A.D./Title if any/Affiliation/Notes/Resource

It should be noted when dealing with specific clans, sects or Bloodlines it is hard to define the generation or origins as they are know diablerists or worse.... for example clan Assamite, Lasombra, Tremere and Giovanni all find their origins and history mired in Diablerie... therefore the asterisk represents our best unconfirmed guess... it should also be obvious that the Ancients known as Antediluvians or worse are formatted in a different manner.

About Caine and his progeny:

"...Caine is said to have three progeny, two male and a female, and these three progeny created the Antediluvians (the 3rd generation)..." — See The Book of Nod for a complete but not necessary true story.

"...The Truth is but a matter of interpretation..." — The Book of Truth, Scribe of the En-Kha-N'we (In Caine's Name) now known as the Inconnu a soon to be produced work.

About Antediluvians:

"There are 13 clans, 13 Antediluvians... Lucian and Mekhet are widely known Antediluvians..." — VtM p52

"...All you know is a lie. Only a fool looks for truth..." — The Book of Truth, Scribe of the En-Kha- N'we (In Caine's Name) now known as the Inconnu a soon to be produced work.

THE FIRST GENERATION

Caine

Cain/Kanu/Kane/Kaen/Caen/Khayyin/H'kneuw/Kanw etc.

Current Generation: 1st

Embraced Generation: N/A

Date of Birth: Unknown

Date of Embrace: Unknown

Current Status: Unknown

Progeny of: Adam and Eve (Hee-hee-hee)

Sex: Male

Sect: N/A

Title: Grand Sire Caine, All Father Caine, Wanderer, Damned etc.

Location: Unknown

History: Biblically the son of Adam and Eve, slayer of Able brother to Seth. According to the book of Nod he slew his brother in sacrifice to YAVH-Yahweh-Jehovah-Allah-God-etc., and in this sacrifice damned himself and reality. In WoD terms this absolute sacrifice causes The Shattering; whence reality was split and the planes (Umbra) were separated. When one considers the ancients such as Caine one must think in Mage terms as according to most of the writings everyone and yes I mean everyone was Awakened (aka. a Mage) to a degree. So when a will worker wills something to cease existing it does. As no restrictions such as Paradox existed it does so it is as if it had never existed. Such was the case with Able.

Additional tales surround the likes of Caine. The genuine Cainite religion believes Caine lays sleeping deep in the earth for the coming times. And they all claim to be descended from him (yes this is true and there is a Cainite religion, it has nothing to do with vampires). In WoD terms this is not unlikely as Caine himself never died the True Death he could very much be a Living Vampire. His powers were supposedly awakened unto him by Lillith first wife of Adam. Who depending on how you look at it could be all things as well. In any event the concept of Caine and Lillith is as Demi gods. However in my mind the idea of eternal damnation Caine is supposed to suffer excludes the concept that Caine could sleep the Long Sleep of the Kindred with any kind of peace. Therefore he in all likelihood walks among us to this very day.

The Children of Caine... though blasphemous as it may sound Caine is said to hold regency of two lines that of Kindred and that of Kine. It is also rumored that Caine had a twin sister known as Calomena. There is also the theory set forth known as the Conspiracy of Caine which states Caine was not the evil of the two brother but the good and Able was slain as a heroic act. And the Undeath is but a symptom of the blessing of God upon Caine. When reading the theological or game texts in WoD terms keep in mind much is pseudo metaphorical in nature so his children may be both or neither, his child or childe. As is the case with many whom are sighted as of the Children of Seth only to be embraced into Caine's get. And further still they many are labeled as his childer when they are not, such as the case of Saulot. Who is said to have been the most favored of Caine's childer. But all are of Caine thus they all are of him.

Caine is said to be master of all the Disciplines and hold the ability to create new powers at will. Caine is Caine he may do as he wishes. Though in none of the texts does it say Caine knows any of the clan specific disciplines such as Obtenebration or Necromancy... he holds mastery over the primary powers alone. Caine is said to have had only three Childer this is wrong, and of course excludes the supposed mortal children of his. These get include Enoch who is both in the text his mortal and his vampiric childe, Zilliah his bride and mother to Enoch depending on what you read, Irad his other son and in the same fashion both types of progeny, but even this is conflicted. Those are the ones known. But there are and were others... As books like Kindred of the East can attest. The Crone is one of his childer... a Mage in life she blood bound Caine to become immortal he staked her and left her for the sun and is thought to be dead, Ravnos the namesake of the Clan slain and betrayed by Ennoia aka. Gangrel, Two others are said to have existed before Enoch slain by the one known as Haqim who later begot the clan Assamite and further still Caine is said to have possibly embraced Lillith but this remains vehement speculation. This is all I have to say of Caine for now...

THE SECOND GENERATION

Enoch

Enesh/Enosh/Lamech/Enkil/Uniech/En'esh/Uniek/Unyk/En'osh/Eneu/Enwa etc.

The literal Translation of Enoch is Wisdom or The Wise. -Hebrew

Current Generation: 2nd (Unknown)

Embraced Generation: 2nd

Date of Birth: Unknown

Date of Embrace: Unknown

Current Status: Unknown (presumed both alive and dead)

Progeny of: Caine

Sex: Male

Sect: N/A

Title: The Wise, First King etc.

Location: Unknown, thought to be destroyed in during the fall of the Second City.

History: Sired by Caine in the First City of Enoch. The City he later ruled over. After the Deluge he is said to have ruled over the Second City as well until the fall of it to his own Childer. Many say he to fell in its ruins but I have yet to find any evidence of that. It is my belief he still walks among us. For further information on Enoch it may fascinate you to know that until the 17th century The First and Second Book of Enoch were considered integral to the Biblical canon. To this day, The Second Book Of Enoch is part of the Torah. He is said to have rectified the sins of his father with God and in him found salvation. If this means he found Golconda or Faith then yes he truly should be feared beyond the normal.

The First and Second Book of Enoch chronicle the life of Enoch after the fall of the city Enoch. These are real life books, I kid you not. As yet I have been unable to find them so I know not what they say. But I look forward to finding them some day. Enoch is said to have sired the progenitors of Toreador, Malkavian and the Ventrue Clans. As The Wise it is also likely that he may have sired the likes of Cappadocius, Brujah or Saulot. (Addendum; I recently got myself a copy of 1st Enoch.... 2nd is on its way I'll up date as I see fit.)

Title: The Strong, First General, etc.

Location: Unknown, thought to be deceased though may be one of the Aralu of Shadow Enoch.

History: General of Caine's Armies/Protector of the First City and last to fall in the War for the Second City. Said to have been an amazing combatant. He to is said to have been destroyed in the Second City as to who is accredited for the deed no one knows. However, he is as yet unaccredited for the siring of any Childer... though some have been possibly linked to him such as Mekhet. If he is dead it is thought he is the silent watcher in the Shadow Enoch found in Dirty Secrets of the Black Hand. Though he may not have been killed at all. A wanderer and loner in his own right is it no surprise that Caine Sired him?

Zilliah

The literal translation of Zillah is Shadow. -Hebrew

Though she is known as Zillah the Beautiful.

Current Generation: 2nd

Current Status: Deceased, diablerized by Nosferat during the fall of the Second City.

Progeny of: Caine

Sex: Female

Sect: N/A

Title: The Beautiful, Queen of Enoch, First Bride etc.

Location: Unknown, though it has been theorized that she may be one of the Aralu of Enoch.

History: Sired and wed to Caine she was queen of Enoch at Caine's side through all things. Slain during the Fall of The Second City she was betrayed and diablerized by her child Nosferat. Her other childer Set was away only to return to Second City finding her destroyed. Through her nature it is also likely Lasombra was her Childe. Many accredit her with lacking depth of soul. As much as she was beautiful she absent in feeling and emotion and was but the cold beast the kindred seek to avoid. Though others hold great objection to this interpretation. She in all likelihood now resides in the Shadow Enoch spoken of in Dirty Secrets of The Black Hand as the Sumerian Queen of the Underworld Nergal. As In Mytho-historical lore The Land of Sumeria were built of 15 city states... convenient... as you will see in a bit. As the

land of Enoch and the second city never held residence to certain clans. Ravnos never held a seat in the Ancient cities nor did; Assamite, Children of Osiris or possibly Gangrel. So do not believe everything you read. And yes there were more than thirteen clans but they are gone now so it matters not.

Title: Clan Founder, Gypsy etc.

Location: N/A

History: According to Ravnos history Ravnos was the Father of the Gypsy clans then all known as the Powara... as they were not separated long ago but one mass group. Late one evening a visitor came a Shilmulo (A vampire). He said his name was Kaen. And as is the nature of Caine's curse ill fate befell the assemblage and Tshurka (Ravnos' father) was struck down by other Shilmulo. Ravnos discovered his father and wanted Kaen to save him. Caine could not forget the forgiving nature and hospitality granted by Tshurka and his Kumpania, but he could not save Tshurka for he was already dead. But Ravnos wanted revenge, power the ability to avenge his father and keep the Powara alive. Caine rectified or damned Ravnos by Embracing him, and the clan was born. It is said that Caine preferred the Ravnos above all his get as they were most like him, doomed to wander and always the pariah. As time goes on Ravnos sires other childer amongst his Kumpania. And an outsider whom with he would fall in love. The woman was known as Ennoia now known as Gangrel. But the love was false and Ennoia greedy for power and forgiveness betrayed him to the residents of the city (thought to be the Second City) which the Gypsy caravan camped around. Ravnos himself ended up staked and left for the sun. Where he burned and to this day the Ravnos hate the Gangrel. After Ennoia's betrayal Kaen again resurfaced saying it was his responsibility to deem out punishment to Ennoia not that of the Ravnos people as Ravnos was now his child his favored Son... so he cursed Ennoia to wear her bestial soul for all eternity and she shall. The Gangrel curse was born...

But was tricked by the Crone and Blood Bound to her. As a thrall he was ordered to give her eternal life and become her lover... this all lasted for a year and a day... after which Caine rose up and staked the Crone leaving her for the sun. However none have seen evidence of her demise and if she did live she has or had no active visible role in our Jyhad. Though the Liahanaan bloodline destroyed during the Dark Ages claimed lineage from the Crone. She may still live to this day and if so her power of Thaumaturgy would be mighty.

Title: King and Queen

History: Haqim served them a loyal general all his life but saw them become tainted by the evil of Khayyin. They became like him cruel and only emerged at night. Haqim loved his Queen and King but they must be set free from their damnation. This was the duty he needed to fulfill... This is all but part of the Assamite story. The King and Queen of this ancient city are unknown to this day but supposedly predate the other childer of Caine and the First City. They were destroyed by their General and fed him in his vengeance against the Kindred.

Lillith... I don't won't to go into her here but lets just say if she is a reality her power level is so far off the scale that reality would start over were she to show her face. She is foul, foul, foul I say. As she is noted as the Flux Baby, Demon Queen, First Mage, First Vampire, Bride of the Devil, Bride of Sameal, Bride of Caine, First Bride of Adam, The Lady of Fate, The Female Aspect of God, Queen of the Fae, and on and on and on... She is something I don't look forward to ever knowing, seeing or meeting. Though more will be said about her in the upcoming White Wolf book The Lillith Cycle a publication done in the same mold as The Book Of Nod, The Fragile Path and Chronicles of the Black Labyrinth.

THE THIRD GENERATION, ANTEDILUVIANS

...The literal translation of Antediluvian is one who has survived the deluge... therefore technically in Kindred terms any vampire who remembers Enoch and/or survived the deluge regardless of generation is an Antediluvian... But I digress. This listing only includes those who were originally Antediluvians the others will appear as the Head of their respective clans such as; Troile, Augustus Giovanni and Tremere etc.

Title: Clan Founder

Location: As Brujah is deceased he it is thought that he resides in the Shadow Enoch as Ninmug...

History: Strange revelations in regard to Brujah have come to light. It is said when he fell in the Second City to his Childe Troile that he had already attained Transcendence in his time-space medium. Some think he is now one in the same with the temporal spirit known as Wrinkle.

Location: Unconfirmed but is thought to sleep in either the dark heart of Africa's Congo or in the Australian Outback.

History: Ennoia suffers from Childe Stigma. Often the Ancients are confused with their childer. Very often by intention of said ancient. One of her own Childer is known as Gangrel a Male whom is often attributed to being the clan elder. Though other tales tell of Ennoia's mastery of Protean allows her to change sex as well as form. Furthermore if one delves into the legends of the Garou they will find that not only is Ennoia related to them but is in all likelihood a Garou herself. Yes, a Antediluvian Abomination and further still the mortal daughter of Lillith. Is it no wonder her affinity for changing shape is so evident.

Title: Clan Founder

Location: Unknown as the Ravnos are a wandering breed it is assumed she wanders the earth with her Kumpania as do all the rest.

History: Her goal remains thoroughly unknown as she was the more level headed of her kind it remains to be seen. The Ravnos would not be referred to as the Army of Caine for no reason in the ancient texts... only time will tell. Though it is assumed she like most elders holds a deep animosity for those who have wronged her thus Ennoia and the Gangrel are probably definitive targets for her wrath. She is known to possess "The Sight". As the younger sister of Ravnos she is now responsible for the Clan even though she is was never known as being of the blood. Yet there are innumerable ways she could prolong her life or be reincarnated. If she still lives she is probably one of the most powerful mortals to ever exist.

Progeny of: Enoch

Sex: Male

Sect: N/A... as he is insane he is well beyond the grips of a foolish sect.

Title: Clan Founder

Location: If is universally thought his tormented resting place is deep in the heart of Jerusalem or Petra, Israel.

History: What few realize is that long, long, long ago the Malkavian's were much like the Ventrue and Toreador in their machinations they were not always insane nor has Malkav himself always been such. And fewer still realize that Malkav was not the tame Antediluvian to the contrary he was known as the greatest warrior among them. Yet he was over zealous in his activities and was punished by Caine. As Malkav would perform acts of war in the guise of Caine The All Father, himself. Thus blaspheming his image and Caine rectified that. Malkav is further still the twin brother to Toreador and said to be brother to Saulot though that may be the metaphorical brotherhood of being kindred. As for his Sanity it is said his sanity left him first with Caine's punishment, then further as he found himself trapped under Jerusalem. What is known is this among the ancient Malkavian's the Disciplines they had were Dominate, Auspex and Obfuscate... much like the modern Malkavian though with the fall of Rome so went the Malkavian sanity which coincidentally coincided with the rise of Christianity and the Faith in Jerusalem. It is though the power of Dementation is a symptom of Malkav's influence on his childer as well as the insanity itself. Many view the modern Malkavian as yet another sign of Gehenna's coming and Malkav tentative awakening. Some theorize that Malkav and Toreador were of Fae lineage. Even scarier theories in regard to Malkav exist but I choose to not voice them here for fear they may be true...

Title: Clan Founder

Location: No one seems to know but the Nosferatu think he lies dormant deep, deep within the bowels of the earth.

History: His goal is to destroy all of his treacherous childer as they are the cause of his repugnance. And their destruction will be his cure. He was known as the greatest hunter who ever lived and the most beautiful of all Cainites but his soul corrupted his visage. Unfortunately his story is often confused with fragments of Shaitan's or Ennoia's Tale as they are all similar in form... Others seem to claim he only views himself as ugly and is not genuinely ugly at all. It is a purely psychological affliction that takes on physical form in his childer. This curse he carries is a direct result of Caine's punishment upon him for slaying Zillah and for his vanity. It is also said that he was deeply in love with Toreador and they shared a mutual blood bond for one another. Though this was supposedly broken many years ago. Nosferat also suffers from Childer Stigma but in that some of his own childer are of the 3rd generation (specifically some of the Nictuku) they are attributed to being him.

Title: Clan Founder, King/ Pharaoh of the Underworld/After life

Location: His Spirit rules the Egyptian underworld as King/Pharaoh

History: The history of Set and Osiris are dependent upon one another. As Set was banished from Egypt he met his fate among the Kindred as did Osiris and the two brothers warred for millennia'. And in the end Osiris was destroyed by his brother Set. Only to be resurrected by his wife only to yet again be destroyed by Set's hand. Though on this second occasion destroyed the Children of Osiris as well. The Disciplines of this lost clan spur a lot of debate as the only known references to them are eye witness accounts which are rare to say the least or come from a small piece of text about Osiris "... He had the strength of a hundred men (Potence)... and the paternal speed of the Sands (Celerity)...when he spoke his word could not be denied (?)...". As you can see the last example of his power could either be those of Presence or of Dominate. Presence seems doubtful as this would make him a Brujah and I have never seen a reference to Troile as Typhon nor does his age correlate with the idea that Troile was his sire. However if this power were Dominate he would have a whole line unto himself... The theory is Typhon is but the name for Nosferat. Following the massacre in the Second City Nosferat would need a diversion for his brother Set's wrath. What better diversion is there than giving Set's real brother power equal to Set's own? Regardless the war between Set and Osiris became something of myth, religion and legend. Note; the modern day Children of Osiris are only partially descended from the Osiris of old as the founder of the Bloodline is the last unliving member of the Osiris Clan but is on a far different path.

Saulot

Ashur/Shaitan/Thoth/Thought/Zao'lot etc.

And with that perhaps now you may know the truth...

Current Generation: 3rd — though it is irrelevant as he is now deceased.

Embraced Generation: 3rd

Date of Birth: Unknown

Date of Embrace: Unknown

Current Status: Deceased, Diablerized by Tremere in 1096

Progeny of: Either Enoch or Irad but is often referred to as a childe of Caine

Sex: Male

Sect: N/A, though rumors persist among the Tal'mahe'Ra and Inconnu

Title: Clan Founder, ...the Penitent, ...the Saint

Location: Originally from the Asian Indian region he later moved himself and his progeny into the Carpathian's. Only to have himself and his clan diablerized by the Tremere. Now his location is assumed to be heaven or the like as he is dead. Though rumors persist that he is the silent watcher of the Aralu in the Shadow Enoch.

History: Saulot was the first Cainite to attain the blessed state of Golconda. Though in modern times the Salubri are thought to be evil they were not. They were warrior healers of profound depth and conviction. The most and least human of all the kindred as they lacked much of the frailty of humanity but flowed with its compassion. Rumors persist among the Inconnu, Tremere and remaining Salubri that Saulot was not diablerized but was amalgamated into Tremere so as to be something more than the two parts. What shall arise when Tremere yet rises from torpor next remains to be seen.

Set

Sutekh/Seth/Satan/Walid Set (though this denotes the following of Set not Set as a surname)/Shaitan/Typhon etc. The ancient Hebrew mistranslation/interpretation of Set created the theological term Satan.

Current Generation: 3rd

Embraced Generation: 3rd

Date of Birth: Unknown

Date of Embrace: Unknown

Current Status: In-active/Unknown/Torpor, Set dropped from the Jyhad in 33 AD

Progeny of: Zillah

Sex: Male

Sect: N/A, Independent

Title: Clan Founder

Location: It is thought that Set still rests in the heart of his native Egypt near the borders of Alexandria. Though the Inconnu claim to have deposed and destroyed Set.

History: His goal is to corrupt all Kindred and have revenge against his brothers and sisters for the destruction of his sire Zillah. Many among the Nosferatu consider the Followers Of Set and Set himself Nictuku. If they only new the truth. Set's origins often become convoluted with that of his brother Osiris. It was Osiris who held the Nictuku lineage... though it died with him. Have no doubt Set is evil. He is malevolent in ways few can imagine. Worshipped as a god he has hubris to spare and power to match, the Wyrms chooses it's minions well. Set is known to wear the guise of the Typhonian Beast. It is also Rumored that Set as all of his mortal line was and may have been either a Shape Changer Kinfolk or perhaps even a Shape Changer, maybe a Naga.

The Old Man in the Mountain...

Current Generation: 3rd* — A guesstimation based of the idea that Haqim is of the 2nd generation.

Embraced Generation: 3rd

Date of Birth: Unknown

Date of Embrace: Unknown

Current Status: Active

Progeny of: Haqim

Sex: Male

Sect: N/A, Independent

Title: The Old Man In The Mountain, Clan Founder

Location: It is known that The Old Man also is in residence at the Fortress Alamut in Turkey.

History: His goal is simple enforce the tenants and precepts of Haqim and guide his clan in the same manner. His will is law when it comes to clan matters and he must always be wary for the safety of his clan.

Toreador

Arikel/Mamluke/Hera/Nergal/Ashur etc.

Arikel literally translates into Lion Of God. -Hebrew

Current Generation: 3rd — though some seem to think Toreador is responsible for the Death of either Enoch or Irad and may now be of the 2nd generation.

Embraced Generation: 3rd

Date of Birth: Unknown

Date of Embrace: Unknown

Current Status: Unknown, presumed Active/Torpor

Progeny of: Enoch

Sex: Female (though this is also debated as much like Saulot she was very androgens)

Sect: N/A

Title: Clan Founder

Location: It is widely felt that she resides in Europe as one of it's primary dominators. Though some Toreador still believe she resides in Greece or even in Spain... some in the minority claim that Toreador would be drawn to energy of the New World specifically the United States of America but the elders in the clan scoff at such a possibility.

History: Toreador is the twin sister of Malkav and is an artist of the highest sort though many think she is the grandest of poseurs and that her clan is the culmination of her art. Regardless she is the type enamored with beauty and as such fell in love with the likes of Nosferat before his curse and long after as she was also in love with his potential. Her Androgyny is her trademark it is said that it is now more prevalent than ever. And she is the epitome of each sexes beauty. One of the more blatant architects of the Jyhad the Toreador and Ventrue seem to remain the two most powerful players and adversaries to one another. A battle which started long ago during the Greco Roman wars...

Tzimisce

Mekhet/Al-Marhi/The Eldest/Zchamzuatu/Lugoj...

I have yet to decipher the etymology of Tzimisce but there was a Transylvanian Emperor by that name given time I will find the information.

Current Generation: 3rd

Embraced Generation: 3rd

Date of Birth: Unknown

Date of Embrace: Unknown

Current Status: Active/Torpor, though thought to be dead destroyed and replaced by the anarch Tzimisce Lugoj Blood-Breaker

Progeny of: Irad though tales often arise that he is a child of Enoch.

Sex: Male

Sect: N/A

Title: Clan Founder

Location: His former domain was that of the Carpathian Mountains of Transylvania, though originally from India as well or so it is said. He now resides under the protective care of the Zanatosia Revenant Family in New York City... deep in the catacombs of New York City's underground.

History: Tzimisce is insane. This may sound like a not that strange a statement when speaking of the Clan Founders. But he is more insane than most. As Tzimisce was not only one of the Awakened in life he was a Marauder no less. And remains a Mage still. Stories speak of Tzimisce's insanity not letting him see beauty as we see it but seeing it only in the ugliness of man. Where as Elizabeth Hurley may be pretty to us and a Nosferatu repugnant his point of view is a juxtaposition of that. Further still he knows of the Soul Eater and wills to purge it but also wills to keep it as his insanity embraces it. The problem is the longer he is infested with it the more power he seems to lose. And in time he may no longer be one of the Awakened. The old tales speak of Irad having gone on a quest only to fight the one known as Tzimisce... never had Irad had to fight so hard but against this Mad Sorcerer he was nearly felled as such he opted to embrace this mad one so his power may be preserved... miraculously it was.

The King among Kings

Current Generation: 3rd

Embraced Generation: 3rd

Date of Birth: Unknown

Date of Embrace: Unknown

Current Status: Unknown, presumed to be Active/Torpor though the Brujah claim to have destroyed him.

Progeny of: Enoch

Sex: Male

Sect: N/A

Title: Clan Founder

Location: It is said that an Ancient sleeps deep in the ocean in the Mediterranean that ancient is presumed to be Ventru. The other major player in the Jyhad of Europe is it no surprise that he would be in the thick of it.

History: No one knows what the goals of Ventru are but many have speculated that he is the primary architect behind the Jyhad and the Daeva itself. Tales of the Second City speak of Ventru having absolute focus after the Deluge that it was he who lead the Second City in reality not the elder hand of Enoch. It is the universal opinion that of all the Antediluvian's Ventru had the greatest tactical mind. He has a plan it is just no one knows what it is. (Though if you're interested in my opinion as White Wolf Playtester and Storyteller I will give it to you if you ask.)

The Unknown

Current Generation: 3rd*

Embraced Generation: 3rd*

Date of Birth: Unknown

Date of Embrace: Unknown

Current Status: Unknown

Progeny of: various (Haqim, Nosferat, Ravnos etc.)

Sex: varies

Sect: N/A

Title: Unknown

Location: Unknown

History: The Unknown are those who have gone without names so far or origins. But many are childer named only as having existed or to exist such as the case with Ravnos who is said to have sired several members of his Kumpania, thus making them of the 3rd Generation or Haqim who is said to have sired his army after his victory over the king and queen, Nosferat who after having diablerized Zilliah making him of the 2nd generation may have sired more childer. The number of Unknown that exist is much like their existence unknown. Yet the concept that they exist at all adds a whole new dimension to the Jyhad.

THE CLANS 4th Through 15th generation.

1. ASSAMITE

In the case of the Clan's Assamite, Lasombra, Giovanni and Tremere as well as a few others very much what is said here is tentative at best as they practice ritualized diablerie, have an odd/diablerist origin and/or further participated in the Sabbat Anarch Revolt. Thus the generations become very ambiguous and hard to define at least when it comes to gen. as of the embrace...

2. BRUJAH

4th generation

3rd Troile/etc. 3rd True Brujah sired by Brujah, ?/?, currently the Clan Founder having displaced the power of her sire. Troile aka. Brujah... the confusion of names often mistakes the Childe Troile for Brujah himself, Childer Stigma.

Current Generation: 3rd — after having diablerized her sire Brujah during the Second City uprising.

Embraced Generation: 4th

Date of Birth: Unknown

Date of Embrace: Unknown

Current Status: Unknown, Active/In-active — from Torpor

Progeny of: Brujah the Ancient

Sex: Female, again due to Childer Stigma. Troile is often confused with her sire.

Sect: N/A

Title: Clan Founder

Location: It is said by many that Troile still lays torporeous bound under the salted earth of fallen Carthage. In fact many Brujah make pilgrimage to ancient Carthage seeking insight.

History: Many sight Troile as the first of the Iconoclasts Brujah (or Troilites as the True Brujah refer to them) and that the Idealists are the waning remnants of Brujah's being held in the lineage of blood. Though many scholars sight the decided change in Troile after the fall of the Second City. It is said that Troile really held no grudge against her sire but was manipulated by those more powerful than her specifically the machinations of a

jealous Arikel. Even darker tales speak of the Dark one called Shaitan being the epitome of Troile's attack. Regardless it is widely known that in the diablerie Troile was unable to steal Brujah's power over time, Temporis. Though there are no witnesses it is whispered that Brujah had already known what would occur on the night of his demise. And not only on that night but all nights as if he had seen the whole of his un-life already before it had been lived. It has further been stated that he had attained a state similar to Golconda with his mastery of time called Ascension. As such it is thought Troile's latter-day quest for knowledge was but her steps on a road to grasp what she had done, perhaps the blood of Brujah himself Awakens in her yet.

7. Giovanni

In the cases of the Clan's Assamite Lasombra, Giovanni and Tremere as well as a few others very much what is said here is tentative at best as they practice ritualized diablerie, have an odd/diablist origin and/or further participated in the Sabbat Anarch Revolt. Thus the generations become very ambiguous and hard to define at least when it comes to gen at Embrace...

3rd Augustus Giovanni 4th Cappadocian/Giovanni sired by Cappadocius 945/1005 A.D. diablerized
 Cappadocius in August of 1444. (GC1:tLS, Clanbook Giovanni, Clanbook Cappadocian)

Current Generation: 3rd — after having diablerized Cappadocius

Embraced Generation: 4th

Date of Birth: 945 A.D.

Date of Embrace: 1005 A.D.

Current Status: Active/In-active from Torpor

Progeny of: Cappadocius

Sex: Male

Sect: N/A, Independent

Title: Clan Founder, The Great Betrayer, Uncle Augie

Location: Augustus Giovanni has been in Torpor since the mid 1930's in the infamous Glass Mosoleum, the Black Giovanni Tower in the heart of Venice, Italy. The most active member of the Antediluvian generation by far. He holds the most direct sway over his clan, next to perhaps Tremere.

History: His goal is to drop the shroud between the Shadowlands of the Dead and the real world and in doing so become the ruler of the earth. Long ago he devised the grotesque plan to displace the Cappadocian Clan as a whole with his mortal family. He succeeded in doing so in 1444. As it sits it may have been for the better as Cappadocius was under the delusion that he was destined to diablize and become God. To this day Augustus Giovanni claims that Cappadocius' soul escaped his diablerie. It is Augustus' greatest fear that Cappadocius' escape may come back to haunt him. In a semi related matter it is curious to know that the only known way for a vampire to have gained Necromancy in the Dark Ages was through a Infernal Soul Pact. Yet the Giovanni manifested this power from the outset. The Idea that Augustus Giovanni may be an Infernalist as well as an Antediluvian is indeed a scary thought.

 5th Durga Syn/Synovea 5th (?) Ravnos sired by ?, 857/923 A.D. In an attempt to rectify the varied versions of Durga in my opinion the 7th generation Durga Syn presented within Rage Across Russia is the result of Baba Yaga's curse. It is said within Giovanni Chronicles 1, that when Baba is asleep Durga's power greatly increases to its full form thus to 5th generation. Therefore when Baba Yaga awakens so does the curse. It goes into effect and Durga becomes effectively 7th generation. (WWAtK:CotI, GC1:tLS, RAR, WoD 1st/2nd, Clanbook Ravnos)

14. TREMERE

In the cases of the Clan's Assamite, Lasombra, Giovanni and Tremere as well as a few others very much what is said here is tentative at best as they practice ritualized diablerie, have an odd/diablerist origin and/or further participated in the Sabbat Anarch Revolt. Thus the generations become very ambiguous and hard to define at least when it comes to gen at Embrace...

3rd **Tremere**/Shaitan 5th* Tremere (Caitiff/Tzimisce) self sired by a ritual (Gorynich Myesyats), ?/1022 A.D. later diablerized his way to 3rd generation through Saulot. A Arch Mage during life his magical abilities are second to none (Clanbook Tremere, LS1:MS, TBN, WWAK, Traditon Book: Order Of Hermes)

Current Generation: 3rd — after having diablerized Saulot

Embraced Generation: 5th* — turned into a vampire in the same manner as all the other Council of Seven members via a ritual designed by the Archmage Goratirix in an effort to preserve his personal command over magic and his life.

Date of Birth: Unknown

Date of Embrace: 1022

Current Status: Active/In-active from Torpor

Progeny of: Self Sired though the origin's of the blood used in the ritual was a 4th generation Tzimisce known as Gorynich Myesyats.

Sex: Male

Sect: N/A, though as few things occur without his permission probably Camarilla.

Title: Clan Founder, House Tremere Founder, Oracle of Time, Theif

Location: Previously Tremere had made residence at Castle Ceoris in Transylvanias, Carpathian mountains but as the years went by and its safety wained, he and many of the Tremere moved to the Vienna, Austria Chantry... where he sleeps today.

History: His goal is to destroy all Kindred as they are an abomination to the laws of nature. He simply used their own weapon against them. Their imortality.

Reference: Clanbook Tremere, Libellus Sanguinis 1: Master of the State, Tradition Book: Order Of Hermes, Clan Book Tzimisce, Transylvania By Night, Transylvania Chronicles 1: Dark Tides Rising, Who's Who Among the Kindred: Children of the Inquisition.

Some remarks:

It is said in (KMW,p76) that Varro was a member of the Order of Hermes around 31BC. But we all know that the order was founded by Bonisagus many centuries later. It is often forgotten that the Order of Hermes was formerly the Order of Mercury. Though it is highly possible that Varro was a member of one of the Houses that would later be part of the Order.

I have heard the information regarding the vampire St. Germain found in Mask of the Red Death Trilogy. However I as yet have not read it so he is still referred to as a Tremere. Furthermore, I'm rechecking WoD 1st & 2nd and MnBN as I think my notes may have been corrupted.
